WHAT TO BRING WITH YOU

Upon arrival you will be provided with a fresh robe, slippers and towel.

All guests should bring swimwear. A change of swimwear is recommended, in particular if you are on a full spa day and wish to have lunch in dry swimwear under your robe. As you will only be provided with one robe during your visit you may wish to bring lounge wear to change into over the lunch period.

We recommend you bring your favourite magazines and a good book to read.

Complimentary mineral water and herbal and fruit teas are available for you to enjoy during your visit. Due to the heat generated by the hydro pool, sauna and steamroom, we strongly recommend you drink plenty of fluids.

We advise against the excessive consumption of alcohol drinks prior to or during your visit to The Spa. We do not charge a corkage fee but guests' own alcohol should only be consumed in our Spa building and adjoining sun terrace. It should not be taken outside of that area or over to the Main House for lunch.

Should you wish to consume alcohol with your meal it can be purchased at the Main House which is licenced.

THE SPA

RECOMMENDED USE OF SPA FACILITIES

You can enter the hydro pool, sauna and steamroom (each spa facility) as many times as you wish and for as long as you like during your spa session but in order to achieve the maximum benefit for your body, it is recommended you spend 10 minutes in each facility before cooling down rapidly between each one by taking a cold shower. This will close your pores back up, pull the blood back to your core organs, and reinforce your natural defences.

Please be aware that our Spa area is very warm. Please be mindful of your body temperature and take regular cool showers if you to feel uncomfortably warm.

It is not recommended that you wear contact lenses in a hydro pool. There is a risk of eye irritation and contamination from the water and soft contact lenses can soak up bacteria and chemical deposits from the water.

SPA ETIQUETTE

In order to gain the most out of your experience at The Spa, we would be very grateful if you would follow our spa etiquette to ensure The Spa remains a lovely, clean and hygienic environment for all:

In order to maintain a tranquil and relaxing environment for all guests, please be mindful of noise levels in the spa area, corridors and waiting area.

The Quiet Lounge is our designated whispering zone and hushed tones should be used for the consideration of other guests. Please silence phones and mobile devices when in the spa and associated areas.

Always wear swimwear in The Spa. Shower each time before entering a new spa facility (hydro pool, sauna or steamroom).

After a treatment, shower to remove any treatment oils/creams remaining on the surface of your skin before entering the hydro pool.

Staff will fill the sauna water bucket but if the water level becomes low, please re-fill from the showers as hydro pool water will damage the sauna elements so should never be used.

The sun loungers are for everyone's use so please do not 'claim' a sun lounger by leaving your belongings on it whilst you are having a treatment.

If you have long hair, please be good enough to tie it up.

Please use the towel drop in the Changing Rooms once you have finished with your robe and towel. Help protect the environment by trying to limit your towel usage to one towel.

Please do not use the hydro pool within 2 days of having applied false tan.

The Brightlife complex is strictly non-smoking aside from the designated smoking area. This includes the use of e-cigarettes.
